Work Experience

Frontend Developer
Vehance Technologies
Present

Developed a responsive and user-friendly VTU app for web and mobile platforms using React and React Native.
-Designed and implemented UI components for authentication page, Bills Payment page, and Investment page
-Collaborated with backend team to integrate APIs for seamless data exchange
-Improved app loading time by 30% through optimization techniques

Frontend Developer
UBA-APP-CLONE
Aug 2022 (3weeks)

My UBA App is a web-based application inspired by the user interface and functionality of the UBA(United Bank of Africa) mobile banking app. Built as a personal project to enhance my frontend development skills. The app replicates key features such as Sign-ups and Login-page with it functionalities, Dashboard and Fund-Transfer page focusing on responsiveness and user-experience. Using Vanilla JavaScript, Tailwindcss, Vite Bundler

Frontend Developer
PERSONAL-PORTFOLIO
Aug 2024 (1months, 4days)

Work Experience

Frontend Developer
Hairdresser Salon website
March 2023(16Days)

Developed a professional website for a hairdressing salon, showcasing services, stylist profiles, and an online booking system to enhance client engagement and streamline appointment scheduling. Using React, MUI, and emotion is.

Frontend Developer
Restaurant-Menu
May 2023 (1month)

Using HTML, CSS, and JavaScript in building a meticulous restaurant menu. Leveraged Culinary expertise and market trends to design an enticing selection of appetizers and a user-appealing interface to satisfy customers desires.

Frontend Developer
Currency-Converter
Jan 2024 (12days)

Developed a comprehensive currency converter application utilizing modern web technologies to provide users with real-time exchange rate information and seamless conversion functionality. Designed an intuitive user interface for effortless navigation and input of currency values, ensuring a smooth user experience across devices. Implemented API integration to fetch up-to-date exchange rates from reliable sources, enabling accurate and reliable currency conversions. The project showcases my proficiency in frontend development, API integration, and problem-solving skills in delivering practical solutions for everyday financial needs.
